

Cruise Control

Track by David Walliman | Key of D

This backing track has a great 80s hard rock feel to it. It has the perfect tempo to develop longer three notes per string ideas using legato or alternate picking. Keep in mind that everything you play should be kept under control rhythmically. As always, anticipate the sound of the notes you are playing as this will help you focus on the right notes.

Use the following scales with this track:

D Major, D Major pentatonic
